WORK EXPERIENCE

German Content Analyst at London Stock Exchange Groups, Bangalore - Hybrid (December 2024 – Present)

- Managed entity-related content across platforms, ensuring accuracy, consistency, and data integrity.
- Performed detailed entity research on stock exchanges, registration authorities, IPOs, listings, delistings, and corporate actions, including mergers, acquisitions, reincorporations, liquidations, and dissolutions.
- Maintained entity hierarchy data, including affiliates, joint ventures, subsidiaries, immediate and ultimate parent organizations, with upward and downward hierarchy reviews for major clients such as BlackRock and AXA.
- Classified entity type, subtype, product segments, and NAICS codes for accurate organizational and product profiling.
- Collaborated with the Corex alerts team and resolved BlackRock case alerts, ensuring timely updates and record quality.
- Performed deduplication checks and monitored third-party/federated sources to maintain clean datasets.

Advisor Chat Support I (German), Concentrix Daksh Services India (Sep 2023 – Jan 2024)

- Delivered German-language customer support, resolving routine and complex client queries efficiently.
- Used decision-support tools to probe customer requirements and provide accurate, policy-compliant resolutions.
- Maintained current knowledge of client products to ensure consistent, high-quality support across interactions.
- Demonstrated active listening and empathy to build rapport while identifying the most effective resolution path.
- Prepared complete interaction records with accurate account notations documented after every customer case.

SEO Executive (Digital Marketing Intern) Writerena (May 2020 – September 2020)

- Managed and optimized Google Ads campaigns to improve targeting, bidding, and lead generation.
- Built quality backlinks to improve website domain authority and search engine ranking positions.
- Ran paid campaigns across Facebook, Instagram, and Google Ads to drive qualified leads for clients.
- Contributed to a 23% increase in team revenue through data-driven campaign optimization and lead generation.
